If the game is stopped AFTER 3 innings, AND is in the middle of the inning, results would be determined based on the score of the previous inning. - a. Manager/coach is not to negotiate or alter rules of play prior to or during any game.
 - b. Manager/coach who attempts to manipulate playing rules will be asked to leave the game (area of the dugout and playing field)
- (E) Five (5) run limit per half (½) inning with the fifth (5th) run being the final run. Run limit shall have no bearing on continuation of play prior to expiration of the game clock.
- (F) Infield fly rule is not in effect.
- (G) Dropped third (3rd) strike rule is not in effect.
- (H) Overthrows – Out of play ball – runner is awarded one (1) base from the last base touched prior to the ball going out of play, without liability of being put out. The umpire shall start with the lead runner when assigning bases, which may result in following runners not being awarded a base. The ball is dead as soon as it goes out of play.
- (I) Bunting is not allowed. A bunt or attempt will be called a strike.
- (J) On a batted ball, the batter and runner(s) are entitled to advance at their own risk:
One (1) base on a ball fielded on the infield; As many bases as they can on a ball hit to the outfield until the ball is returned to the infield (inside the base lines) and in the control of a fielder. At such time the umpire will determine

where the runner(s) are (halfway or more to the next base, back to the previous if less than halfway), but the ball is still live and runners are at risk to be put out. In both situations, if the defense attempts a play on any runner that results in an overthrow the ball remains live and runners may advance one (1) base at their own risk.

Subsequent overthrows will not result in more bases. Should runners attempt extra bases they are at risk to be put out, and if they successfully advance they will be sent back at the end of the play. When the play ends the umpire will assign bases starting with the lead runner. Runner placement is a judgment call and not up for debate.

- (K) Courtesy runner may be permitted in all divisions for the catcher and the pitcher (of the last defensive inning) if they are on base at any time. Courtesy runner is to be the player who made the last out.
- (L) All teams are required to bat their entire roster of eligible players.
- (M) A pitching machine will be provided for all games. Each team will provide at least one (1) eleven (11) inch optic yellow COR .47 game ball, preferably more. Umpires like to have more to keep the game moving. The speed adjustment of the machine will be set **ONLY** by the umpire. The speed setting will be approximately 34-35mph and will be adjusted immediately if the machine is not pitching properly.
- (N) Batted balls hitting the pitching machine, generator, and/or the person feeding the machine, are considered **dead and all play will stop.** Extension cord will be in play. Runners will advance a base only if forced.

- a. If the ball becomes lodged in, under, or within the power supply, comes to rest, or if a player touches the ball within the circle, it will be considered “out-of-play” and the runner will be awarded first base. All other base-runners will advance to the next base if forced.
- (O) The umpire will feed the machine and be responsible for setting the machine settings.
- (P) There will be one umpire per game who will call strikes only, swung at and looked at. The machine will be adjusted if not throwing strikes.
- (Q) Hitters can strikeout or hit. No walks in U8.
- (R) Outs will be enforced and all runs will be recorded by scorekeepers. The games will count as far as wins and losses.
- (S) Free substitution will prevail at all times.
- (T) There will be 1st and 2nd place trophies awarded.
- (U) Each player must be permitted to play a minimum of two (2) innings in a five (5) inning game, or three (3) innings in a seven (7) inning game in every scheduled and/or rescheduled League game; unless the game is shortened due to inclement weather, application of the mercy rule run limits, if player is ejected, removed from the game due to sickness or injury. Penalty for violation is forfeit.
- (V) Limit of five (5) runs per half (1/2) inning in all divisions with the fifth (5th) run being the final run recorded

Sec. 2 - Teams in all divisions will field ten (10) players; pitcher (F1), catcher (F2), 1st baseman (F3), 2nd baseman (F4), 3rd baseman (F5), shortstop (F6), left fielder (F7), left-center fielder (F8), right-center fielder (F9), right fielder (F10), unless playing per shorthanded rule. In the event of

playing shorthanded, the catcher position is the only position that is mandatory. All other positions may be vacated if necessary including the pitcher position.

Sec. 3 - Trophies will be awarded to first and second place winners at the end of the season.

- (B) Dropped third (3rd) strike rule is not in effect.
- (C) An offensive play is dead when any infielder has control of the ball inside the base paths in fair territory. At that time runners can only progress to the next base they are attempting to reach if they are more than half way to that next base.
- (D) **All 10U Divisions** (except 10U East): Stealing is allowed, one base per pitch except home plate.
 - a. Runner may not steal nor advance to home plate on a pick-off attempt at third (3rd) base by the catcher or any other fielder, nor on a passed ball or wild pitch, but remains liable to be put-out if they come off the base.
 - b. A batter who receives a base on balls cannot advance past first (1st) base until the pitcher delivers the next pitch.
 - c. Umpires will not call runners out for leaving the base early, but will let players know immediately and coaches will be advised between innings. If a player should leave extremely early and steal a base the umpire may send the runner back.

10 East: Stealing is allowed, one base per pitch, including home plate.

- a. If a throw down by the catcher (to any base) results in a ball to the outfield, the runner can advance ONE base only. So if there are runners on 2nd & 3rd and catcher throws it down to 3B, the runner on 3rd can score, but the runner on 2nd would not be allowed to advance beyond 3rd. Runners may steal home on a wild pitch or passed ball.
- b. No dropped 3rd strike.
- c. A batter who receives a base on balls cannot advance past first (1st) base until the pitcher delivers the next pitch.
- d. Umpires will not call runners out for leaving the base early, but will let players know immediately and coaches will be advised between innings. If a player should leave extremely early and steal a base the umpire may send the runner back.

Sec. 2 - Illegal pitches may be announced, but no penalty shall be assessed, no runner may advance and no out shall occur. If called, the umpire may indicate to the pitcher the reason for the call.
